PROFESSIONAL SUMMARY

Experienced in Ruby on Rails and JavaScript-based programming with a background in Patient care which has provided me with strong skills in problem-solving, decision-making, organization, listening, and working under pressure. Can quickly learn and master new technologies; successful working in both teams and self-directed settings. Skilled at contributing to design, development and implementation as conscientious, upbeat and knowledgeable team member.

EDUCATION

Full Stack Certification : Web Development, 06/2020
Flatiron School - Manhattan, NY

TECHNICAL PROJECTS

Jack's Journey -
Frontend - https://github.com/Samanthaponce5/thePlasticJourney-frontend
Backend-https://github.com/Samanthaponce5/plasticTalesBackend
Site-https://jacksjourney.netlify.app/
● An interactive educational site where users learn more about plastic pollution and the effects it has on the ocean.
● Built by using a ReactJS library, and a Rails-API backend using Postgres database.
● Implemented vanilla CSS for design

_____

ShopMart -***Frontend***-https://github.com/Samanthaponce5/shopMart-front
Backend-https://github.com/Samanthaponce5/shopMart-back
Site-https://shop-mart-us.netlify.app/
● ShopMart is an e-commerce site where users can navigate through the store ranging from women, men, and kids clothing.
● Developed using a ReactJS library and a Rails-API backend using Postgres database and Redux.
● Applied vanilla CSS for design

_____

Omega Sound -**Frontend**-https://github.com/Samanthaponce5/music-app
Backend- https://github.com/Samanthaponce5/music-app-mod3
Demo- https://www.youtube.com/watch?v=wdjvTJGPTFE&feature=youtu.be
● Omega Sound is designed to let users search and listen to any songs they would like.
● Created by using Vanilla Javascript and Rails-API backend
● Employed the Spotify API for music
● Design created with vanilla CSS
